### WIDER CURRICULUM TASK-

Can you help? The Little Red Hen's friends weren't very good at helping, were they? I know that you have probably been so helpful at home during this time. I hope that you have been tidying up your toys and doing other jobs to help your family. Today I would like you to agree 3 jobs that you are going to help with at home-make a list and tick them off when they are complete.

How does it make you feel when you help someone?
