### WIDER CURRICULUM TASK

PE ~ This weekend, using a ball, see if you can kick a ball into a target.

- This can be in a net or between two markers, or if you would like a real challenge, into a box/hoop. The important thing is control and balance: see if your child can kick the ball from standing still to a run up. Practise using both feet - it's great for children to develop strength and fluency with both feet/legs.
- It's starting to get a bit warmer which means that lots of birds who flew away to find somewhere warmer to live are coming back!
- This weekend on your local walk, use the checklist attached to this Tapestry observation ('Spring Bird Hunt') to look out for some of the different types of birds.
- See if you can get any pictures of the beautiful birds you see!
