3. Check your answers using the mark sheet.

### KEY VOCABULARY

Maths - function, total, calculation, expression, substitute, substitution

English -noun phrase, adjective, expanded noun phrase

Science - carbon dioxide, micro-organism, oxygen, microscopic

### WIDER CURRICULUM TASK

**Key vocabulary L.O – To explore soil habitats and explain why certain species prefer a soil habitat.**

Task – Follow today's PowerPoint on developing experts and enjoy the video clips.

Today is a short writing challenge - imagine you are an organism that lives in sand or peat soil. You could be a mole, worm, earth worm, insect larvae or a tiny bacteria! Write a short argument to suggest why your habitat is good for you and why you think it's a good soil to live in. I have attached a help sheet on tapestry which provides you with key vocab to include.

<https://www.developingexperts.com/> Just login with your unique details - these have been allocated to you on tapestry. Included in each lesson is a PowerPoint, expert video clips, a quiz and a worksheet task - all tasks and information is very well demonstrated.
