1. Watch this video link:  
<https://vimeo.com/492603899>
2. Complete the worksheet attached to today's observation.

Top Tip: Ensure your child has a secure understanding of grouping by asking them to make groups of \_ from a certain number of items.

E.g. make groups of 2 grapes from these 20 grapes.

Grouping is an important link to division and helps children see that a whole can be separated into equal groups.

### WIDER CURRICULUM TASKS

RE: LO: To learn about what happens at Mass and reflect on why it is important for Catholics.

Our new topic in RE is about developing our knowledge and understanding of the celebration of the mass.

Firstly, I would like you to think about when we have gone to Mass together as a school. I know it has been a long time but write down anything you can remember that happens at Mass.

Then I would like you to think about the question; Why do Catholics go to Mass?

Activities : Watch the following recorded Mass

You may notice that Mass is different at the moment for example there is no singing which is usually a very important part of the Mass. Mass is a celebration to thank God for the gift of Jesus his Son.

Watch this clip to learn more about why we go to Mass.
